- ⁵ Tier II tax rates are determined annually from a tax rate schedule based on an average account benefits ratio reflecting railroad retirement fund levels. Employer tax rates can range from 8.2 percent to 22.1 percent. Employee tax rates can range from 0 percent to 4.9 percent.
- ⁶ An additional Medicare payroll tax of 0.9 percent applies to an individual's income exceeding \$200,000, or \$250,000 for a married couple filing a joint tax return. While employers will begin withholding the additional Medicare tax as soon as an individual's wages exceed the \$200,000 threshold, the final amount owed or refunded will be calculated as part of the individual's Federal income tax return.
- ⁷ Earnings from a local lodge of less than \$25 a month for services to a railway labor organization is not creditable or taxable compensation, and does NOT generate service month credit. Also, prior creditable railroad service with a carrier employer is required in order for service to a local lodge to be considered creditable.
