

**Office of Inspector General
U.S. Railroad Retirement Board
Unimplemented Audit Recommendations
and Potential Cost Savings as of
September 30, 2025**

**Unimplemented Audit Recommendations and Potential Cost Savings
as of September 30, 2025**

The Office of Audit (OA) conducts financial, performance, and compliance audits together with reviews of Railroad Retirement Board (RRB) programs. These responsibilities include performing the statutorily required annual audit of the RRB's financial statements and the annual audit of the agency's information security program pursuant to the Federal Information Security Modernization Act of 2014. In addition, OA regularly conducts audits and reviews of the RRB's Railroad Medicare program and benefit payment programs. Through its audit activities, OA keeps Board members and Congress informed of current and potential problems and deficiencies in the RRB's operations.

As of September 30, 2025, there were 288 unimplemented recommendations. The dates on which the recommendations were initially made are the report dates as listed in this compendium. The following pages include 278 audit recommendations and 10 recommendations issued through either a management information report or a priority audit memorandum.

Statistical Highlights

Fiscal Years	2007 - 2025
Number of Reports with Unimplemented Recommendations	69
Number of Unimplemented Recommendations	288

Regarding total potential cost savings, the Inspector General Act, as amended, defines the terms questioned cost and funds put to better use in the following paragraphs.

QUESTIONED COST.—The term "questioned cost" means a cost that is questioned by the Office because of— (A) an alleged violation of a provision of a law, regulation, contract, grant, cooperative agreement, or other agreement or document governing the expenditure of funds; (B) a finding that, at the time of the audit, the cost is not supported by adequate documentation; or (C) a finding that the expenditure of funds for the intended purpose is unnecessary or unreasonable.

RECOMMENDATION THAT FUNDS BE PUT TO BETTER USE.—The term "recommendation that funds be put to better use" means a recommendation by the Office that funds could be used more efficiently if management of an establishment took actions to implement and complete the recommendation, including— (A) reductions in outlays; (B) deobligation of funds from programs or operations; (C) withdrawal of interest subsidy costs on loans or loan guarantees, insurance, or bonds; (D) costs not incurred by implementing recommended improvements related to the operations of the establishment, a contractor, or grantee; (E) avoidance of unnecessary expenditures noted in preaward reviews of contract or grant agreements; or (F) any other savings which are specifically identified.
